CALIFORNIA KILLS ONE ANTI-JAP BILL

Dramatic Climax to Debate When Little Girl is Held Aloft by Author of Bill.

SACRAMENTO, Cal., Feb. 4.—After a debate extending over seven hours, the Assembly by a vote of 48 to 28 rejected yesterday the bill drawn by A. M. Drew barring aliens from ownership of land in California. The bill had been amended at the request of President Roosevelt and Secretary Root so that the clause applying it to Japanese only was eliminated, making the bill apply to all aliens, but the measure aroused such a storm of opposition that long before the debate was closed by Mr. Drew it was apparent that the measure would be defeated.

In substance the objection to it was that it would drive at least \$1,000,000,000 of foreign capital out of the State and might jeopardize the present friendly commercial relations with Japan.

Holds Little Girl Aloft.

The supporters of the bill contended that the State was being over-run by thrifty Japanese who were gradually gaining an impregnable position as land owners and whose government was trying to dictate to California regarding legislation.

Two sensational speeches were made, one for and one against the measure. Assemblyman Grove L. Johnson of Sacramento, ex-Congressman and author of four bills segregating Japanese in schools and residential districts and preventing aliens being members of corporations, made an impassioned appeal for the enactment of the Drew bill. At the climax of his speech he walked backward from his seat to the lobby rail and seizing in his arms a golden-haired girl of 3, held her aloft and declared that he was "in favor of this as op-

posed to the Japanese menace to our institutions."

Opponent's Dramatic Reply.

Nathan G. Pole of San Francisco, who was elected with the indorsement of the union labor party, opposed the Drew bill on the ground that it was in conflict with the State constitution, that it was inimical to union labor and that it was not favored by the national administration, which he said was dealing with a delicate problem and should be supported by the people of California.

Dramatically confronting Assemblyman Drew, he said:

"If President Roosevelt should throw open the doors of this assembly chamber and, laying his hand on your shoulder, should request for reasons of State that you withdraw this bill, you, Mr. Drew, as a patriotic citizen of the United States, would assent without a murmur."

In reply Mr. Drew, closing his argument of the bill, declared that he had received a letter from the President in which the President stated he was not opposed to the bill, as it had been amended at his request.

40,000 Japs from the Army.

In his opening remarks, Mr. Drew said that already there were in California 40,000 Japanese, most of whom had belonged to the Japanese army, who could be mobilized at a moment's notice in case of hostilities.

Richard Meirose of Anaheim, who had gathered statistics in opposition to the bill, declared that there were not more than 25,000 Japanese in California. He quoted from statistics compiled by the Asiatic Exclusion League, to the effect that there were not more than seventy-five Japanese property owners in the State.

ONE JUROR NEEDED IN THE COOPER CASE

ELEVEN MEN ARE NOW IN THE JURY BOX.

Another Effort Will Be Made to Complete Next Week—Whitworth Case Is Being Heard.

NASHVILLE, Tenn., Feb. 4.—After securing two new jurors, making eleven now in the box, the trial of Col. Duncan B. Cooper, Robin Cooper and John D. Sharpe was abruptly interrupted yesterday because of a lack of veniremen. A fifth venire of 500 men was ordered in court on Monday, at which time an effort will be resumed to complete the jury. The hearing of the charges against Juror Whitworth, accused of having prejudice, was taken up, but not completed. It will be resumed today.

Two Jurors Accepted.

A few minutes after court opened, J. A. Woodruff, the tenth man examined, was selected as juror No. 10.

Woodruff was not examined by the defense. He testified on questions by the State that he had read nothing about the case and merely knew Carmack had been killed. He said he was a friend of John Sharpe, but would consider only the law and the evidence.

Jacob Frutiger, another talesman, came to this country from Switzerland when 11 years old. He had never naturalized, but his father had. This precipitated a dispute as to whether he had to take out papers. The lawyers on both sides displayed absolute ignorance of the naturalization laws and had to send out for the code. He was not opposed to capital punishment if a man wanted it. He was accepted by both sides as juror No. 11.

The panel of fifty was exhausted before noon and another one, made up of 49 talesmen, was exhausted before recess for luncheon and no other additions to the jury were made. This left only thirty talesmen of the fourth venire and the panel required 47 names. Hence the fifth venire of 500 names was ordered drawn to report at 9 a. m. Monday.

Charges Against Whitworth.

After luncheon, when the Whitworth case was taken up, Judge Hart said: "After due consideration I believe it best to have Mr. Whitworth present to hear the charges."

The defense objected, but the court was insistent, and C. W. Mitchell was recalled and told to repeat his charge that Whitworth, after the Carmack killing, in a blacksmith shop, had declared that "every damned one of the defendants should have been hanged."

Whitworth had been brought in and was seated a few feet from the witness. The State cross-examined Mitchell closely, but failed to shake him. The news that the Whitworth case was to be disposed of attracted the largest crowd to the courtroom that has yet marked the progress of the case. The throng filled the aisles and overran the bar, until the court was forced to order it cleared. The transcript of other witnesses' testimony was read to the juror, who was then asked for a statement.

Whitworth Makes Denial.

The State objected to any testimony concerning whether the feeling towards Governor Patterson had changed or not. The court passed the objection and asked the juror to proceed.

Whitworth asserted strenuously that he had never made the remarks attributed to him by Mitchell concerning the hanging of the defendants, but admitted he said something about Patterson having lost friends through the killing of Carmack.

During Whitworth's statement, the throngs crowded inside the bar again, whereupon the court fined the four deputy sheriffs \$10 each for failing to obey orders, whereupon the orders of

GOV. PATTERSON AGAIN USES HIS VETO POWER

"Why Not Destroy Grain and Grapes, As Well as Distilleries?" He Asks.

NASHVILLE, Tenn., Feb. 4.—Gov. M. R. Patterson yesterday sent the State Senate a message vetoing the bill prohibiting the manufacture of intoxicants in Tennessee after January 1, 1910. The message in part follows:

"If this Legislature shall destroy all the distilleries and breweries, why cannot the next forbid the raising or selling of the grains or cultivation of the grape out of which spirituous, malt or vinous liquors are made?"

"Shall this or some future Legislature prevent the farmer from raising or selling tobacco or the manufacturer from placing it on the market?"

"If we are thus started where shall we end? It is better not to make the start."

"In the exercise of my constitutional powers as Governor, I veto this measure and ask its reconsideration."

"First, because it ruthlessly deprives the State of revenue without any sort of corresponding benefit."

"Second, it discriminates against

our own people in favor of the people of other States.

"Third, it destroys the property of the citizen without compensation."

"Fourth, it makes a dangerous precedent, humiliates Tennessee and lowers the place of dignity she has occupied as one of the proudest and most conservative States of the Union."

"Fifth, it violates the will of the people twice expressed at the ballot box, offends against their sense of justice and under the plea of civic righteousness sacrifices a great moral principle of Government at the very altar where it should be guarded and defended."

The prohibition bill was passed by the Senate over the Governor's veto yesterday afternoon by a vote of 20 to 12. The message will reach the House today.

U. S. COURT ADJOURNS.

Completed Labors for This Term on Thursday Afternoon.

The case of B. G. and Spencer Brooks occupied the greater part of the session of court Thursday and resulted in both parties being found guilty of the charge of counterfeiting. Their sentence was three years each in the Federal prison at Atlanta and an additional fine of \$1,000 each.

A. P. Hardee plead guilty to the charge of technically defrauding the Government and was sentenced to pay a fine of \$1,200.

Sam Tillman and James Dorian, the two negroes convicted of counterfeiting, were given three and two and a half years respectively.

The grand jury completed their labors early in the day and adjourned for the term, which was followed by the court finishing its business and adjourning until the next session.

Haskell Charged With Conspiracy to Defraud

MUSKOGEE, Okla., Feb. 4.—Eight indictments were returned by the Federal grand jury here last night in the town lot alleged fraud investigation, the charge being conspiracy to defraud the Government. The names of those indicted are:

Governor Charles N. Haskell, F. B. Meyers, A. Z. English, C. W. Turner, W. T. Hutchings, James W. Hill and Walter B. Eaton.

Attorney Thomas H. Owen of Muskogee, representing Governor Haskell, made arrangements for the Governor to enter his appearance on Friday and give bond in the sum of \$5,000 for appearance for trial. The writs issued are returnable forthwith.

Governor Haskell is at Guthrie. There is but one indictment against him. It charges conspiring with Walter R. Eaton and Clarence W. Turner to defraud the Government. There are two indictments against Turner and one each against the others indicted.

Turner was first to give bond in the sum of \$10,000. Hutchings and Eaton called and gave bond of \$5,000 each. All will probably be arraigned before Judge Campbell on Friday.

Walter R. Eaton, one of the men indicted, is the secretary of the Indianola Contracting Company of which Gov. Haskell is president, and which it is alleged scheduled the names of many "dummies" to secure town lots. Fifteen of the wealthiest

men in Muskogee called at the office of the United States marshal here last night and signed Gov. Haskell's bond for \$5,000. Many more asked to be allowed to sign it.

Haskell Issues Statement.

GUTHRIE, Okla., Feb. 4.—Governor Haskell, when informed that he was indicted last night, issued the following statement to the Associated Press:

"I have just heard of the indictment for conspiracy, coupled with seven or eight of the oldest and highest characterized citizens in Muskogee, who developed and built up that country by their unselfish effort. From now on the proceedings will be open to both sides."

"Hearst's crooked manipulations will be at a discount."

"I am satisfied that the interior department has been misled by false statements. I am confident there has not been a dishonest act done by any of the indicted parties, and that good citizens in general, regardless of politics, feel the same way."

(Signed.) "C. N. HASKELL."

Must Return Licenses.

County Judge Mason yesterday informed us that there were still twelve marriage licenses issued during the month of December that had not been returned for recording, and that he especially desired to impress on the parties that have them that they must be forwarded to his office at once.

Pittsburg Tries to Save Women From Negro Race

PITTSBURG, Feb. 4.—In spite of many threats of armed resistance upon the part of negroes, if the police continue their wholesale arrests of members of that race without employment in the Herron Hill district of the city, no outbreak of any kind had occurred up to late last night. Following the arrest last night of 126 negroes and the release yesterday of all but forty-one, the police force in the district has been doubled last night and every patrolman has orders to arrest every suspicious negro.

During this afternoon three were taken to police stations and it is anticipated that tonight many others will be arrested. No further attack upon women or girls has been reported since last night and should one occur, the temper of citizens is such that violence very probably would be meted out to the assailant if caught. Many women throughout the section involved are carrying revolvers and the negroes are said to be well armed also.

Should a clash come, as is consid-

ered not at all improbable if more arrests are made, the result would be serious. Local orators are inflaming the negroes to resistance and the feeling is high. The police, however, seem to have the situation well in hand and probably will not make further indiscriminate arrests.

Of the negroes arrested Tuesday night, thirty-nine were fined, most of them going to the work house and two, Mac McGee and Edward Armstrong, were held over for further evidence, having been partly identified as perpetrators of one of the attacks on girls.

Owing to the excited condition of the negroes the authorities feared the effect of a political meeting held in the Herron Hill district last night in connection with the pending municipal election and sent a cordon of fifty policemen to enforce order. Two arrests were made, both being negroes. Otherwise there were no new developments last night in the situation.

ANOTHER CHILD IS SERIOUSLY BURNED

LITTLE FELLOW'S CLOTHES IGNITED WHILE DRESSING.

Accident Occurred Thursday Morning
at Home of Mrs. Lina Starke,
on East Orange Street.

Malcolm Farber, the little 7-year-old grandson of Mrs. Lina Starke, who was seriously burned about the body and right side early Thursday morning, is reported in a serious condition.

Mrs. Starke had gone to the kitchen to prepare the morning meal, leaving the boy by the fire dressing, when she heard his screams.

In some manner the door separating the rooms had become locked, and it was several minutes before she reached him to find that he was completely enveloped in flames, his clothing being afire all over.

As soon as the flames could be extinguished medical aid was summoned, and the little fellow is resting as easily as could be expected, the entire right side of him being burned to a solid blister from head to foot.

Just the condition he is in could not be learned, as he is suffering a great deal and they would not question him concerning the affair, and then, too, at his young age he would probably be unable to tell anything of the occurrence.

CITY COUNCIL HAD LENGTHY SESSION

THE USUAL MONTHLY BILLS WERE ORDERED PAID.

Mayor Davis Instructed to Enforce Ordinance Relating to Grading West Main Street by A. C. L.

The City Council met in adjourned session Wednesday night with President Pro Tem Cannon in the chair, Aldermen Broome, Burnett, Graves, Nixon and Vidal, and Clerk Dell present.

Upon motion of Alderman Burnett the minutes of the last meeting were ordered approved, after correcting them so as to give the minority and majority report of committees on ordinance No. 170.

Alderman Burnett moved that the superintendent of the water works be instructed to purchase the necessary pipe and connections for connecting with the deep water well of the Diamond Ice Company; which was carried.

The street committee was authorized to purchase a street grader upon thirty days' approval.

Alderman Burnett moved that the assessment of Nimrod Wells on a 5-acre lot be reduced from \$250 to \$50, and F. F. Hazzard from \$200 to \$100; which was carried.

The mayor was instructed to enforce the ordinance requiring the A. C. L. to grade West Main street.

Alderman Burnett moved that the city surveyor be instructed to establish the straight west line on Prairie avenue from Alachua avenue to Seminary street; which was carried.

The street committee was instructed to examine the bridge on East Mechanic street, across Sweetwater Branch, and report its condition.

Alderman Vidal moved that the chairman of the street committee and the surveyor be instructed to establish a line on block 9, Brush's addition to Gainesville.

Following bills were ordered paid from the several funds: Contingent fund—B. T. Arnow, \$5.75; J. E. Burtz, \$48.15; Gainesville Hardware Co., \$27.65; C. A. Colclough, \$8; J. M. Halle, \$31.44; C. M. Dell, \$50; Lois Tucker, \$90.65; J. M. Halle, \$50; A. W. Taylor, \$50; J. B. Dell, Jr., \$25.

TWENTIETH CENTURY CLUB

Had Interesting Meeting at Home of Mrs. Geo. K. Broome.

The regular meeting of the Twentieth Century Club was held at the home of Mrs. G. K. Broome on Monday afternoon, January 25.

After the regular order of business Mrs. J. L. Kelley, leader of the literary exercises, took charge.

The club has now entered upon the last half of the year's study, which embraces the literature of the South, dating as far back as 1607 and including the present day. The subject was introduced at a previous meeting by a paper from Mrs. G. K. Broome on the literary heritage from England, followed by a paper at our last meeting on the literature of the Colonial and Revolutionary periods by Mrs. C. A. Colclough, which was appreciated by all.

Mrs. Kelley's short sketch of the ante-bellum statesmen, Calhoun, Clay, Henry, Washington, Jefferson, Ramsey, Marshall, Madison and Smith, brought out many interesting facts.

Mesdames Jno. M. Taylor, Tench, Clarke, Foster, Dorsey and Gross related many incidents of the private and political life of the different statesmen, which proved very entertaining and instructive.

Refreshments were then served by the hostess, after which the club adjourned to meet with Mrs. T. B. Stringfellow on Monday, February 8.

MINERS CHEERED RE-ELECTION OF LEWIS

THEN PLUNGED AT ONCE INTO BITTER CONTROVERSY.

A Speaker, Savage by Name and Nature, Wanted to Walk Over His Foes' Corpses.

INDIANAPOLIS, Ind., Feb. 4.—After celebrating with a storm of cheers the re-election of Thomas L. Lewis, by a majority of 16,269 votes over John H. Walker and after the tellers had retired to count the ballots for vice-president and secretary-treasurer the convention of the United Mine Workers of America indulged in an excited revival of the controversy over interl discussion between the Lewis party and the faction led by his opponent for the presidency, John H. Walker, district president of Illinois. The tellers did not complete their work.

Speaking of an unsigned letter received yesterday by some of the leaders, charging that Ohio union officers had "sold out" to operators. G. W. Savage, secretary of the Ohio district, bitterly arraigned "certain parties that, not being in power themselves would destroy the organization so as to destroy those that are in power." So far as he personally was concerned he declared that if the authors of the letter were made known to him and persisted in their attack on his character, he "would walk over their corpses, or they would walk over his." He offered a reward of \$100 for evidence that would identify those responsible for the letter.

William Green, president of the Ohio miners, added \$50 to Mr. Savage's \$100 and Lee Rankin, also an Ohio officer, another \$100.

President Lewis said the Ohio letter was the last link in a conspiracy to disrupt the organization, because he was its president. He read from a special edition of a Springfield (Ill.) trade paper, articles which he called "scurrilous" condemning his administration as corrupt and extolling Mr. Walker. He read letters indicating that this edition of the newspaper had been paid for by Illinois officers.

A positive cure for bilious headache, constipation, chills and fever and all liver complaints. Sold by W. M. Johnson.

Smoothed the Sea.

A gentleman aboard a steamer running between Southport and Blackpool approached one of the sailors during the passage and remarked to him:

"We have a very smooth sea this morning. It is like a sheet of glass. You don't always have it like this?"

"No, sir," was the answer, "but, you see, they knowed as how you were coming today, so the authorities at Southport telephoned to the corporation at Blackpool, and they at once ordered out the steam roller and rolled the sea down for the occasion. That is why it is so smooth."—London Tit-Bits.

Foley's Honey and Tar clears the air passages, stops the irritation in the throat, soothes the inflamed membranes, and the most obstinate cough disappears. Sore and inflamed lungs are healed and strengthened, and the cold is expelled from the system. Refuse any but the genuine in the yellow package. J. W. McCallum & Co.

"The Fire Company Arrived Too Late to Save the House"

Is a familiar item in the newspapers. This should be a warning to those who have procrastinated not to take out a policy when it is too late, so that the item may read in your case: "The loss was fully covered by insurance in one of the best companies."

NEWS FROM ALL PARTS OF FLORIDA

The directors of the Merchant and Miners' Transportation Company have decided to make Jacksonville a regular port of entry.

No damage of any consequence was done to fruits and vegetables along the line of the East Coast railway by the recent cold weather.

Spanish mackerel are again running in large schools on the lower East Coast and fishermen of Port Pierce have recently made large catches.

A new dock is being erected at Punta Gorda 2,500 feet long and 14 feet wide. It will prove a popular resort for the disciples of Isaak Walton.

Mr. W. Z. Chappell of Hastings and Miss Willie B. Weathers of Atlanta were married at St. Augustine on January 31. They will make their home at Hastings.

The strawberry season is now on in full blast at Lakeland. The growers at Starke and Lawley are also shipping large quantities of this luscious berry.

The family of E. V. Blackman of Miami have partaken of new roasting ears for dinner already this year. Mr. Blackman raised the corn himself, he being a skillful gardener.

While Mr. William J. Bryan is being entertained at the banquet to be given in Tampa Friday night Mrs. Bryan will be the guest of honor at a reception tendered by the Associated Women's Clubs of Tampa at the home of Mrs. C. W. Carlton.

Capt. Samuel G. Fairchild, late of Keyport, N. J., but who, with his wife, had been spending the winter in Jacksonville, died from inhaling the fumes escaping from a gas jet in his room. Capt. Fairchild was a former sea captain and was more than eighty years old.

The Florida East Coast railway has been divided into two divisions, to be known as the Northern and Southern divisions. The Northern Division is from Jacksonville to Fort Pierce, and Southern Division from Fort Pierce to Miami. The extension work is under the control of the Southern Division.

As a result of trying to dodge in front of a fast moving street car in Jacksonville Monday afternoon Willie Dixon, a young negro boy, was run over and horribly mangled, resulting in his death a few hours afterwards. No blame is attached to the motor-man whatever, as the unfortunate boy was entirely to blame.

NATURE TELLS YOU

As Many a Gainesville Reader Knows Two Well.

When the kidneys are sick, Nature tells you all about it. The urine is nature's calendar. Infrequent or too frequent action; Any urinary trouble tells of kidney ills.

Doan's Kidney Pills cure all kidney ills.

People in this vicinity testify to this.

Jos. Eckert, Thompson street, Starke, Fla., says: "I am very glad to recommend Doan's Kidney Pills as they proved of great benefit to me. The passages of the kidney secretions were irregular and when the secretions were allowed to stand they deposited a sediment. My back ached intensely and was very lame and sore, making it hard for me to stoop or lift. I could not rest well and mornings upon arising I was tired and worn out. I at length heard of Doan's Kidney Pills and deciding to give them a trial, I procured a box. This remedy effected a complete cure. The backaches and the lameness disappeared and my kidneys became normal."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

THE SLEEPING SICKNESS WHICH MEANS DEATH

How many readers have heard of this terrible disease? It prevails in that far-away country—Africa—especially the Congo district. It is caused by the bite of the tsetse fly. When it bites a person, the sleeping symptoms begin and finally the sufferer sleeps until death occurs.

Contrast this with the peaceful, balmy sleep of health. Is there anything more wearing than to lie awake at night, tossing about, nervous, with cold feet, hot head and mercy knows what else? Short of letting the tsetse fly bite us we would do almost anything for relief. How can we prevent it? Mr. George Hayes, of Union City, Pa., writes: "I had lost my appetite, was all run-down, could not sleep nights. I had tried everything without relief. Vinol was recommended, and to my surprise, it helped me at once; gave me a splendid appetite, and now I sleep soundly."

What Vinol did for Mr. Hayes, it will do for every run-down, nervous and overworked person who cannot sleep. VINOL is sold in Gainesville by W. M. Johnson, Druggist.

THE CHEROKEE ROSE.

Romantic Indian Legend of This Beautiful Flower.

There is a beautiful romance connected with the Cherokee rose. A young Indian chief of the Seminole tribe was taken prisoner by his enemies, the Cherokees, and doomed to torture, but fell so seriously ill that it became necessary to wait for his restoration to health before committing him to the fire.

As he lay prostrated by disease in the cabin of the Cherokee warrior the daughter of the latter, a young, dark faced maid, was his nurse. She fell in love with the young chieftain and, wishing to save his life, urged him to escape. But he would not do so unless she would flee with him.

She consented. Before they had gone far, impelled by regret at leaving home, she asked permission of her lover to return for the purpose of bearing away some memento of it. So, retracing her footsteps, she broke a sprig from the white rose which climbed up the poles of her father's tent and, preserving it during her flight through the wilderness, planted it by the door of her new home in the land of the Seminoles. And from that day this beautiful flower has always been known throughout the southern states by the name of the Cherokee rose.—Philadelphia North American.

A SCRAP OF PAPER.

Charred and Discarded, It Brought Wealth to a Poor Widow.

Some years ago a poor widow kept a small shop in a Berlin suburb. One evening as she was serving a customer a workman stepped into the shop and asked permission to light his pipe. Drawing a piece of paper from his pocket, he twisted it up and, after lighting his pipe, threw down the spill and walked off with a word of thanks.

When sweeping the floor the following morning the widow took up the charred paper out of idle curiosity and, unfolding it, saw that it was a lottery ticket, only a portion of which had been burned. She folded it up, put it away in her pocket and had almost forgotten it, when the result of a large lottery drawing caught her eye in the paper.

She then remembered the crumbled ticket in her pocket, and on producing it found, to her amazement and delight, that it had won a prize of \$50,000. She claimed the prize, and, although she advertised widely for its original owner, with the intention of sharing it with him, she was left in undisturbed possession of her fortune.—Exchange.

Worn Out.

That's the way you feel about the lungs when you have a hacking cough. It's foolishness to let it go on and trust to luck to get over it, when Ballard's Horehound Syrup will stop the cough and heal the lungs. Price 25c, 50c and \$1.00 per bottle. Sold by W. M. Johnson.

Apple Pie and Melted Cheese.

Bake a pie crust in the bottom and on the side of a pie tin; fill with apple quarters stewed till tender and return to the oven, putting a little cinnamon, sugar and bits of butter over. When it is baked enough to set, draw it out and cover with a thick layer of grated cheese. Return to the fire and let the cheese melt and brown. Serve immediately.—Harper's Bazar.

FIRST NIGHTS.

The Way They Affected Some Famous French Playwrights.

The first night with authors is viewed with different feelings. This is how it affected some famous French playwrights. Sardou's nervousness was well known. Dumas fils was never able to preserve his sangfroid. As soon as the curtain rose Dumas pere would betake himself to a restaurant and dine from as many courses as his new piece had acts. His son reported on the success of the piece. At the first representation of "Toussaint Louverture" Lamartine found his work so tedious that he went to a cafe and read the papers. Balzac when he produced "Resourses de Quinola" spent the day in selling tickets at a rate higher than at the box office and reaped a fine return.

Paul de Kock, seated in the orchestra, we also read, protested against his piece and made so much noise that his neighbors demanded silence. Casimir Delavigne remained at home. Alexandre Soumet went to be shaved when "Jeanne d'Arc" was produced. The barber had finished one cheek when the author cried: "Stop! Here are 30 squas. Go round to the theater and see if they hiss or applaud the piece." The barber returned, saying: "It is a success, monsieur. They applauded." "Since it is a success," replied the author, "shave the other." Scribe appeared in the best of spirits and encouraged the actors, but at the end he became nervous and tore his handkerchief with his teeth. Rossini walked about the back of the stage with his cane in his hand. Auber was never present on the first night of his works, and Bayard on reaching the stage is reported to have said that he experienced sudden illness.—New York Mail.

The Retort Aqueous.

Even in the midst of horror there is occasionally a rift of humor. It is said that at the time of the Johnstown flood a grocer to whom one of the citizens owed for an overlong time a good sized bill for provisions while floating along on the top of the waters in a raft made of two window blinds and a skylight caught sight of his delinquent debtor whirling around in one of the pools of the eddying current clinging to a large hoghead.

"Ah, there you are!" cried the grocer, businesslike to the last. "Been looking for you for several days. When are you going to pay that bill?" "Can't say just now. Bands, old man," returned the unhappy debtor. "I'm having all I can do to keep my head above water these times."—Harper's Weekly.

Ancestral Pride.

"Do you still want this genealogy?" asked the man who digs up such things.

"Sure, I do. Why not?"

"Well, I've found that your great-grandfather was hanged for murder, your great-grandfather was imprisoned for robbery, and your grandfather was tarred and feathered for beating his wife. That's not a very proud record, is it?"

"I should say it is. Shows how my family is getting better each generation. I'm an improvement on the whole bunch—never been in jail yet. Let me have those records. I'm proud of 'em!"—Cleveland Leader.

SOFTNESS OF SEALSKIN.

Is Rivalled by Human Hair Where Dandruff is Eradicated.

Sealskin is admired the world over for its softness and glossiness; and yet the human hair is equally as soft and glossy when healthy; and the radical cause of all hair trouble is dandruff, which is caused by a pestiferous parasite that saps the vitality of the hair at its root. Newbro's Herpicide is the only preparation that is fatal to the dandruff germ. Without dandruff there is no falling hair, but a luxuriant growth of glossy, soft hair is certain. Scouring the scalp won't cure dandruff. Kill the dandruff germ. Thousands of women owe their beautiful suits of hair to Newbro's Herpicide. Sold by leading druggists. Send 10c. in stamps to The Herpicide Co., Detroit, Mich.

Two sizes—50 cents and \$1.00.

TELEPHONE TALKS

The Long Distance System

One of the most valuable features of our service, to our subscribers and to the public generally, is our connection with the extensive long distance lines of the American Telephone and Telegraph Company and the other associated Bell Telephone companies.

We own thousands of miles of long distance lines in the seven States in which we operate and in addition can connect any telephone in our system with lines extending to any other city in which a Bell Telephone system is operated.

These long distance lines are of the most modern and improved construction and are maintained at a high state of efficiency. The Bell systems,

operating in various sections of the country, are uniform in their equipment and in their methods of operation.

Only by reason of this close traffic arrangement between the Bell Telephone companies is it possible to get a Bell Telephone almost anywhere, ask for "Long Distance" and be put in communication with almost any point in the country.

This vast network of wires, radiating throughout the nation, is used daily in commerce and for social purposes by the banker, the farmer and citizens in all walks of life and our plant here is an important link in this great chain.

CURRENT COMMENT.

The Baltimore Sun says: "Wait for Connolly's story of 'How I Saved the Republic.' Bound uniform with the Roosevelt set of 279 books under the same title."

The Baltimore News says: "There are various ways in which a city can get caught for damages. In New York last week a jury gave a boy \$4,000 because a rotten tree fell on him during a thunderstorm and broke his leg. The city tried to prove that the accident was due to an act of God, but the jury decided the responsibility could be placed nearer home, and fixed it on city employees who knew the tree was rotten and did not cut it down. That is a precedent that may be costly for other municipalities."

The Richmond News-Leader says: "The Republicans of Oregon, it is stated, have raised the question of the constitutionality of the Oregon primary law under the workings of which a Republican Legislature had to elect a Democrat to the United States Senate or flagrantly and shamelessly violate a solemn pledge. However, whether or not the law is unconstitutional it is not clear that the issue can in any manner affect the claim of the Democratic Senator to his seat. The provisions of the constitution were strictly adhered to by the Legislature in his election, and that settles it so far as he is concerned, it would seem. There appears no way for the Senate to find even an excuse to go behind the legislative return."

The Louisville Courier-Journal says: "Statehood is not a garment to be lightly bestowed. Its significance is profound. It extends to fundamentals of citizenship and of life. It gives votes to persons who have not had them before. It admits great communities to the prodigious American fellowship. It extends the Federal constitution over new ground. It gives new forces a voice in the government of all the people. And in applying for the great benefit it is to be hoped that New Mexico and Arizona come with minds conscious of the bigger and higher life they seek and of the responsibilities it brings. Evidently they are duly disciplined and instructed and are ready. That, at least, is the supposition of their friends, who in Kentucky are numbered in multitudes. A great proportion of us look cordially toward the two territories whose people have striven so long and hard and patiently for Statehood and wish them not only a quick voyage through the House, but a safe trip through the Senate and into the family."

Taking official cognizance of Pensacola's leading annual gala occasion, the Legislature of Florida several sessions ago passed an act designating Shrove Tuesday, or Mardi Gras, as a legal holiday, hence Tuesday, February 23, the date upon which Mardi Gras falls this year, will be a legal holiday at Pensacola at least. The banks, State, county and city offices and public schools of the Deep Water City will therefore all be closed throughout the day.

Beware of Ointments for Catarrh That Contain Mercury

as mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free.

On a more or less extended scale this country will this year commemorate the hundredth anniversary of the birth of some of its great men. But the commemoration, except as a historic event, will accomplish little unless it develops patriotism and stirs people, especially young men, to emulate the traits which made the men famous whose memory is so gratefully cherished.

An increasing number of large city dailies are abandoning the so-called comic supplements from their Sunday editions, as well they might. In truth there is nothing comic, artistic nor entertaining in them. Poorly conceived and executed and a tawdry mass of startling color it is but a waste of time and good paper to print them, and no sensible reader wants them.

That spelling reform does not meet with much favor in Canada is seen in the refusal of the Ontario school authorities to drop the letter "u" from such words as "honour," "favour," "labour," etc. Evidently the attempts of some of our radical spelling reformers would get scanty consideration north of the boundary line.

The managers of the Florida Mid-Winter Chautauqua should make an effort to get Hon. William Jennings Bryan to give them a date. The receipts from such an engagement would go a long way towards defraying the expenses of the Chautauqua. Col. Bryan is by long odds the most popular lecturer in America.

It is said that the Duke of the Abruzzi wants to resign his title that he may be free to marry some American girl. But the Duke ought to know by this time that most of the women in the circle in which he would seek have little use for a foreigner without a title. It is that they are after, not the man.

The wealthy Trinity church of New York with its \$20,000,000 of property has acted wisely in deciding to dispose of its tenements and to improve its remaining rental property. The unsanitary condition of its tenements has long been a reproach to Trinity, and incidentally to the cause of religion.

That the path of the average newspaper in Russia is far from being strewn with roses is evident from the heavy fines recently imposed upon many for publishing news which in this country would cause little comment. The freedom of the press is as yet but little more than a pleasant dream.

GAINESVILLE, —THE— University City.

Gainesville is conceded to be the most enterprising as well as the most beautiful city in the interior of Florida. It is located in the very center of the State, half way between the Atlantic and Gulf Coasts, surrounded by lands of such fertility as to be capable of producing a great variety of crops; in the heart of the truck-growing, phosphate and naval stores belt. She has the best educational advantages in the State, good churches, with edifices which are superior to any town of its size in Florida, with large and consistent congregations; has a climate which cannot be excelled for health and pleasure. All these natural advantages, combined with a progressive and enterprising cosmopolitan citizenship, are sure to make a big city.

There are many natural attractions in close proximity to the city, some of which are Alachua Sink, Paine's Prairie, the Devil's Mill Hopper, Warren's Cave, and Lake Newnan, all of which are reached by private conveyance.

Spring Park Stock Farm, the largest and finest live stock farm in the State, is only eight miles west of the city and is reached by a good hard road, affording a most pleasant drive.

The farmers of Alachua county, of which Gainesville is the county seat, "live at home and board at the same place." The temperature is very uniform, scarcely ever reaching the nineties in summer or the twenties in winter. The population of Gainesville is about eight thousand, representing nearly every nationality on the face of the earth, and strangers always meet with a hearty welcome.

The University of Florida for young men and the National Agricultural Experiment Station are located within the corporate limits of the city. In fact, Gainesville has so many things that we must be pardoned if we omit a few of them in the following enumeration of what

Gainesville Has:

One artist.
No saloons.
